Report Period: Oct 23-Nov 5

Summary of Progress in this Period

We've finished designing most of the modules and selected all necessary off-chip components.

Pending Issues

We need to start creating testbenches for our design, and we also need to prepare our presentation for the review panel.

Plans for Upcoming Reporting Period

We plan on creating testbenches for our design modules, and we also plan to finalize our design, and prepare a presentation for the review panel.
